## Sleeve Kits

To complete the look and disguise plumbing and cabling we are able to offer carefully designed pipe sleeves and valve feet to match your radiator giving a seamless elegant finish.

## Dual Fuel Heating Elements

Dual fuel heating elements are a must for any bathroom enabling you to heat your Towel rails all year round even in the Summer months when the central heating is usually turned off. They are designed to allow you heat towels using the heated hot water system in the Winter and using mains electric in the Summer. Optional Thermostatic Heating Elements are also available.
